

Core Values

At the World Outside we put the needs of the children first.
Knowing that to have made a even a small difference is to have succeeded!

Our Standards and behaviours

Safety

- We put children and our team's safety and well-being above everything else, creating a secure and nurturing environment for growth
- We stay true to the Kindergartens values and policies, to fostering a sense of belonging and shared purpose
- Courage to challenge and address bad practice

Trust

- Act with Integrity and set an example in every action we have
- Be impeccable -Never speak about someone behind their back and avoid gossip
- Be truthful and dependable
- Respectful conduct - taking nothing personally
- Create a positive and inclusive atmosphere

Accountability

- Pride in our work - be and do the best we can
- Take ownership and accept personal responsibility for our actions
- Learn from every Experience
- Leave the World a better place
- Seek to make a difference to every person - no matter how small

Initiative

- Go above and beyond to make a difference in everything we do and for the people around us
- Be proactive, actively seek ways to make things better, taking initiative to solve problems
- Ask questions and express what you really want to the right person to avoid misunderstanding, sadness and drama
- Embrace opportunities to make a positive impact to your own life and the lives of others

Courtesy

- Seek first to understand before being understood
- Be curious, not judgemental
- Treat every colleague, parent child and visitor individually
- Communicate openly and kindly and ensure our words uplift and inspire those around us
- Win the respect of those around us
- Care for peoples belongings and equipment as if it was our own

Efficiency

- With focus on safety, always ask if there is a better way
- Can do attitude
- Act to make things better
- Ensure a high quality of standards are maintained
- It is ok to make mistakes, just review reflect and learn from them!
- Collaborate with team members

The standards that we walk past are the standards that we accept!
